Active networks within NERA

In 2012 there were 23 active networks operating within NERA (see app 1).

1. Network 17 has been on ice some year now and has changed name and profile from Physical Education to Leisure-time pedagogy. The network is re-established as Leisure time pedagogy with a new convener, and will be present at NERA 2013
2. Network 18 was not active in 2012. Network 20 wants to merge with network 18. The board suggest that network 20 formulates a describing text that covers both networks.
3. School development (Network 25) lacks since June 2013 a convenor (the former has left).
4. New convenors in 5 networks in 2012 (Adult learning, Classroom research, The curriculum research network, Historical research, Higher education).

5. 13 network reports have been sent in: The amount of participants and the amount of sessions is important information for the organization committee. This year's goal is 20 reports.
6. There are some challenges for the smaller networks: according to the reports they wish bigger forums. Networks with less than 7 presentations at congresses could be encouraged to merge.
7. New convenors should be reported to Hans-Petter Ulleberg.
